

An evening of digital stories is the first of a series of bi-monthly DiSC gatherings.

DIGITAL STORYTELLING CIRCLE, SINGAPORE (DiSC)

is a support group for digital storytellers and is jointly initiated by the National Book Development Council of Singapore and Digital Storytelling Asia.

We tell stories all the time.

We meet an old **friend** – we tell them the latest happenings at our homes or offices. We tell our best **friends** matters of the heart. We tell our **children** about our family roots and traditions. We tell our **students** how Sir Stamford Raffles founded Singapore. We tell our **customers** and **clients** how our company started from rags to riches, and so on.

We are storytellers.

Storytelling has entered the digital world.
